# Alejandro Montero

Web developer bulding web apps and landing pages with creative and original designs.

🌐 Houston, Texas

About Me

I am 21 years old and since I was 17 I have been interested in programming. I like to create tools and applications looking for best practices and the most efficient ways to develop functionalities.

I started studying **JavaScript**, **HTML** y **CSS**, switch to using **React**, then I learned a little of **MySQL** and, developing different projects, I learned **MongoDB**. At the same time I learned to use **NodeJS** y **Express**.

Job Experience

Mercato and Company
Feb 2024 - Now

Frontend Developer

Website developed with Next.js and Tailwind CSS for a market. Original design inspired by the personal brand of this company. Possibility of adding an online shop in the near future. The products, services, hours and location of each market are displayed.

Javis Pool Services
Mar - Apr 2024

Frontend Developer

Landing page with original and personalized design for a pool cleaning company. The services of said company, the schedule, a functional contact form and its Google Maps profile are displayed.

SplashGuard Pool
Mar - Feb 2024

Frontend Developer

Landing page developed with Astro for a pool cleaning company. The services of said company, its schedule and methods of contact, together with its Google Maps profile, are presented.
